

# Axel Rudi Pell, Silent Angel

Rainy days, cold nights to remember  
Who will I find, to stay forever  
A life without you  
No dreams will come true  
I won't be fooled just like  
like a pretender

A whisper in the garden of Eden  
Like a sound of love and peace on Earth

Silent angel  
I want to hold you  
Silent Angel  
In my fantasy  
Silent Angel  
Let me love you  
Silent angel  
Please stay with me

All alone, with a heart of stone  
Can a lie never burn so bright?  
How can it be that between you and me  
There's no way out of misery

A whisper in the garden of Eden  
Like a sound of love and peace on Earth

Silent angel  
I want to hold you  
Silent Angel  
In my fantasy  
Silent Angel  
Let me love you  
Silent angel  
Please stay with me

A whisper in the garden of Eden  
Like a sound of love and peace on Earth

Silent angel  
I want to hold you  
Silent Angel  
In my fantasy  
Silent Angel  
Let me love you  
Silent angel  
Please stay with me

Silent angel  
You're my silent angel
