

# Axxis, Freedom Comes

Brothers killing brothers  
In our neighbourhood  
All we do is stare  
Blood runs out of  
The television screen  
The blame is ours to share  
When freedom comes  
For everyone  
Out of the blue  
A world as new  
When freedom comes  
For everyone  
A new life has begun  
Thought it was god given  
That life in peace and wealth  
Freedom was for everyone  
Livin' in a small world  
Isolated from the truth  
Waitin' for the sun  
When freedom comes  
For everyone  
Out of the blue  
A world as new  
When freedom comes  
For everyone  
A new life has begun
