

Axxis, Just A Story

I - I saw her in the news
As someone robbed a bank today
He took a girl to getaway
I saw them drive off in a car
Hunted by the press
Looking for their own success
Why did no one help her?
Just a story
For the prime time news
A minute's attention
For a little girl's life
Just a story of a brave princess
Lived through hell
To see heaven I guess
I saw somebody from the press
Had the guy put the gun
Back on her head - just for fun
Flash - flashlights
Reflecting in her eyes
I saw her tears - I saw the gun
I saw her fear like everyone
Why did no one help her?
Just a story
For the prime time news
A minute's attention
For a little girl's life
Just a story of a brave princess
Lived through hell
To see heaven I guess
I saw the bullet on her head
A second later - she was dead
Why didn't anybody help her?
Just a story
For the prime time news
Just a minute's attention
For a little girl's life
