## Axxis, Wings Of Freedom

There's no answer Only silence

Emptiness spreading out

The calm before the storm

Birds don't fly

We know why

Do you realize the writtings on the wall?

A million visions let us believe in a better future world

Daring thoughts of genious minds let our hope still burn

Opinions were bought

To dispell our thoughts

Money is oue idol

Our greed for more

And I see the childrens dancing and I llok in to their eyes

How could they know today that their future is a lie

Singing ah... - wings of freedom fight - singing ah...

Singing ah... - wings of freedom fight

Singing ah... - Spreading out their might

Singing ah...

The voice of reason

Dies away

Is there anybody there

Who takes heart

**Busy living** 

No misgiving

Will our world colapse like a house of cards?

Singing ah... - the wings of freedom fight

Singing ah... - spreading out their might

Singing ah... - sow the wind and reap the storm

Let a fire burn - there's no return

And don't give up at all

Let a fire burn - there's no return

And don't give up at all
