Axxis, Without You

An empty place and the silence all around me And I see your face on a picture in my hand I try to find

Yes, I'm searching for an answer

But I cannot find the reason why you wanna go

How can I reach you

I want to let you know

I don't wanna live without you

I don't wanna say goodbye

I don't wanna miss you every day and night

Without you I would die

I don't wanna live without you

I don't wanna say goodbye

Listen to the wind and hear my words

Forever you'll be mine

The world with you

Was turning without motion

And I never knew

About your deepest emotions

All excuses

Never bring you back to me

I don't wanna live without you

I don't wanna say goodbye

I don't wanna miss you every day and night

Without you I would die

I don't wanna live without you

I don't wanna say goodbye

Listen to the wind and hear my words

Forever you'll be mine

Can you feel me like I feel you

Gimme just a sign

I wanna hold you and I know

Forever you'll be mine

I don't wanna live without you

I don't wanna say goodbye

I don't wanna miss you every day and night

Without you I would die

I don't wanna live without you

I don't wanna say goodbye

And I never dreamed it could be over

Won't you give me one more night

Can you feel me like I feel you

Gimme just one sign

Wanna hold you and I know

Forever you'll be mine
