

Ayiesha Woods, Happy

No record deal, no dream fulfilled, no three minute video
No catchy jingle, no big hit single playing on the radio

Can make me happy
Can make me feel the way you do
Can make me happy
I wanna make you happy too

No flashy cars, no movie stars, no man, woman, boy or girl
No fancy things, no diamond rings, nothing in the whole wide world

Can make me happy
Can make me feel the way you do
You make me happy
I want to make you happy too
You make me happy
You make me feel the way I do
You make me happy
I wish the whole world knew you too

No I cannot count the ways you have made my life so blessed
All I know is that you came and made beauty of my mess

And you make me happy
You make me feel the way I do
You make me happy
I want to make you happy too
