

# Ayo, And It's Supposed To Be Love

## Verse 1

Body slam you to the ground  
Messaging a chill  
Curses make the head go'round,  
Brings a certain thrill.

Send you to another world  
Mesmerize your brain  
It's the jewel of a pearl  
Makes you go insane

And it's supposed To be love  
Yes, it's supposed to be love  
Well, it's supposed to be love  
Say 'cause it's all 'cause of love

## Verse 2

It's a sad and lonely song  
Sour grapes and tears  
Something dark is going on,  
Going on for years

Body slam your partner down  
Up against the wall  
It's a sad and scary scene  
With no grace at all

And it's supposed to be love  
Yes, it's supposed to be love  
Well, it's supposed to be love  
Say 'cause it's all 'cause of love

## Verse 3

Wonder how it came to be.  
Things with me and you.  
How we lost the way to love,  
How we got so blue.

Body slam your lover down,  
Fill'em with regret  
Who knows what the end will be.  
It ain't over yet.

And it's supposed To be love  
Yes, it's supposed to be love  
Well, it's supposed to be love  
Say 'cause it's all 'cause of love
