

Ayo, Better days

People let tell me
To stay away for you
But i can help myself
Just dont no what you do
He is not can stay say
He want change anywhere
But i can help myself
I just can help myself
People let tell me
To keep away for you
But they never understand i much to feel for you
He is not can stay say
He want change anywhere
But i can help my self still believe
Better days , better days, better day, better day (x2)
People let tell me
To stay away for you
But i can help myself
Just dont no what you do
He is not can stay say
He want changed anywhere
But i can help myself
I just can help myself
People let tell me
To keep away for you
But they never understand i much to feel for you
He is not can stay say
He want changed anywhere
But i can help my self still believe
