

Ayo, Maybe (Ayo Blues)

Man I love you
But that aint good
Cause youre hurting me
And I know you would
See what I give
And what I get
Theres something wrong
And you know that
Maybe Ill be better off without you
Maybe youll be better off without me
I want to need you
And what I know
Is that my love for you
Wont let me go
See what I give
And what I get
Theres something wrong
And you know that
Maybe Ill be better off without you
And maybe youll be better off without me
Maybe Ill be better off without you
And maybe youll be better off without me
Without me
Without me
Without me
Baby maybe baby
Without me
Without me
