

Ayo, Slow Slow

What have I become is that really me?
Look what I have done this is not who I wanna be
I gotta face myself gotta chase my Soul
Gotta free my mind get back my glow
I got to go
Yes I got to
Run run run run run run
Run for my Soul
I better go go go go go go
Making sure I go slow slow
I got to run run run run run run
Run for my Soul
I better go go go go go go
Making sure I go slow slow
I got to free my mind I got chase my Soul I got to be myself I got to find my glow
Things are getting strange guess I need a change
But I can't run away no I can't escape
I got to face myself got to free my mind
I got to chase my Soul get back my glow
I got to go
Yes I got to
Run run run run run run
Run for my Soul
I better go go go go go go
Making sure I go slow slow
I got to run run run run run run
Run for my Soul
I better go go go go go go
Making sure I go slow slow
I got to run run run run run run
Run for my Soul
I better go go go go go go
Making sure I go slow slow
I got to free my mind I got to chase my Soul I got to face myself I got to find my glow
Choir:
You better run run run run run run
Run for your Soul
You got to go go go go go go
Making sure you go slow slow
You better run run run run run run
Run for your Soul
You got to go go go go go go
Making sure you go slow slow
Making sure you go slow slow
Making sure you go slow slow
