

Ayuko Tanaka, Satisfy

You're so superficial
Dressed up all official
You're so super suspicious
Drenched by old officials

Oh it's just a matter of time before they cry
(You are lost now)
"Ah, it's just a matter of fact that you see them all clap"
(You are lost again)

Know who you are
Know what you want
Know what you got
"No, this ain't me"

Looking for salvation
Useless old protection
Choked up with emotion
Searching for a scapegoat

Oh it's just a matter of time before the crime
(You are lost now)
Ah, it's a matter of fact when you see them all collapse
(You are lost again)

See where you are
Seek what you want
Stray as you wish
Stay who you are
