

Azealia Banks, Ice Princess

I'm so cold I'm dripping icicles
I go and take your man, that nigga might miss you
Spent his whole commission on my neck and ear
To stand around me need to have your winter gear
Pay me coats and benzes it's that burg ice
That's why I do not feel these bitches frost bite
Grown money ever since they done I make my own money
You broke, honey? And they call me Banks cause I can loan money
Colder than December my diamonds on Anna Wintour
So that's fly ice in my life
I don't see no limits so I strive and I shine twice
I ride around and get it
Just missing for a minute that was only one thought, let me finish
Competition Imma beat it so relentless
Imma be legendary when I end this
They rise when I arrive in this
All hail the supreme ice princess
Tell the carriage hurry up and come and get me
Tell the haters in the wrong you can miss me
Hollywood you can go and A-list me
I like a shot of hard whiskey

Feelin' it, I'm feeling a change
I'm feeling it, in the air
I'm feelin' it, I'm feeling a change
I'm feeling it, in the air
So let me in!

Her motives is frozen given chill pills to them polars
Corrosive, the coldest, city is the tongue trust
