

Azn Dreamers, Baby Girl

There are time when I look in your eyes
I see the love that we share
I see the Joy inside

But i didnt see the feelings you hide
And Now your saying good bye
Because your love is done

And All i can think about is you
The way you say You love me to
And everytime i close my eyes I see your face

My love can never be erased
If you can never be replaced

Baby...

(Chorus)
Baby girl
why dont you come back to me
Why dont you love me anymore
Baby girl, you know i still care for you
You know i will love you forever more

There are times when i kiss you goodinght
