

# Azure, Stick Around

How many times do I daydream  
About making love to you  
I'll take you to a special place  
Where it's only me and you  
I'll put away all your troubles  
On the other side of the world  
And wrap my arms around you, hon  
And tell you you're my girl  
(So let's go sail away in the night)  
And we'll go far away from here  
(Tell you that's where our love is right)  
Can I take you to my world?

Chorus  
Whenever you're sad  
Whenever you're crying  
I'll be the one who wipes away your tears  
Whenever you're cold  
Whenever you need me  
I'll be the one who runs to you  
Give you my love  
Well you know how much I love you  
So you better not let me down  
I'm not asking for too much  
Baby, just stick around

A quiet day in the country  
Or a rainy night in my room  
We'll hide away in a time machine  
If the morning comes too soon  
An afternoon in your eyes  
Or a lifetime in your heart  
Forever just ain't long enough  
But at least it's a good start  
(Falling deeper in love with you)  
Will you be there to catch me girl?  
(I hope your falling deep with me too)  
Can I keep you in my world?

Chorus

Forever, forever  
Ooh.. would you come on baby  
(let's go sail away in the night)  
And we'll go far away from here  
(Tell you that's where our love is right)  
Ooh..

Cause, whenever you're sad  
Whenever you're crying  
I'll be the one who wipes away your tears  
Whenever you call me  
Whenever you need me  
I'm gonna be right there and give you my love  
Yeah, and you know how much I love you  
So you better not let me down  
I'm not asking for too much, baby  
Just stick around  
Forever, forever
