

B.B. King, Don't Go No Farther

You need meat, go to the market
You need bread, try the bakery
If you need love, baby
Don't go no farther
Just come on home with me

I got to love somebody
I got to love somebody
I got to love somebody
I want somebody to love me

You need grits, go to the grocery
You need fish, go to the sea
You need love, baby
Don't look no farther
Just come on home with me

I got to love somebody
I got to love somebody
I got to love somebody
I want somebody to love me

You need money, go to the bank, dear
You need honey, look for the bees
You need love, baby
Don't go no farther
Just come on home with me

I got to love somebody
I got to love somebody
I got to love somebody
I want somebody to love me

I got to love somebody
I got to love somebody

I got to love somebody
I got to love somebody
I got to love somebody
I want somebody to love me
