

# B.B. King, I Can't Explain

Oh, I can't explain baby  
But heaven only knows why  
Oh, I can't explain  
And heaven only knows why  
yes, I'll be in love with you baby  
I guess until the day I die

You are to me, baby  
What the water is to the sea  
Oh, you are to me, baby  
What the water is to the sea  
I only want your love, baby  
So tell me why don't you want me

Yes, I don't believe in miracles  
I believe what's to be will be  
Yes, I don't believe, I don't believe in miracles  
I only believe what's to be will be  
Yes but if I did believe in miracles, baby  
Baby, you would be a miracle to me

Yes, you're my first thought baby  
Yes my last and in between  
Oh, you're my first thought baby  
Yes my last and in between  
I say you're the greatest champion baby  
Oh that any man has ever seen
