

# B.B. King, Let's get down to business

I'm glad to see you back, baby  
You been gone such a long, long time  
And now that you're back, baby  
Let's make up for long lost time  
Well, the day that you left me, baby  
I nearly went out of my mind  
I couldn't hardly sleep at night, baby  
Every morning i woke up crying  
So let's get down to business  
Yeah, let's get down to business  
Well, let's get down to business, baby  
You been gone such a long time  
Now i know that i love you, baby  
And i thought that you loved me, too  
Now, now that we're together, baby  
Tell me what are you going to do  
Well, what made us break up, baby  
I don't know till today  
But if it was my fault, baby  
I swear i'll change my ways  
So let's get down to business  
Yeah, let's get down to business  
Well, let's get down to business, baby  
You been gone such a long time  
Hey, let's, let's  
Let's get down to business, baby  
Well, well, well
