

B.B. King, Let's Straighten It Out

Sit yourself down, girl
And talk to me
Tell me what's on your mind
Don't keep saying
Everything's ok, baby
'Cause if it was, girl
You wouldn't be crying

You've been tossing and turning
In your sleep lately, baby
Sitting around crying all day long
Now how in hell do you expect me
To understand, baby
When I don't even know what's wrong

Let's straighten it out
Let's straighten it out
Let's straighten it out
Let's straighten it out, baby

Well the last five nights
When we went to bed
Oh I could tell something wasn't right
When you turned your back
And you covered your head, baby
You didn't even say good-night

Now if you're tired
And you don't wanna be bothered, baby
Just say the word
And I'll leave you alone
Instead of lying there
Crying your eyes out
You and me oughta be getting it on

Let's straighten it out
Let's straighten it out, baby
Let's straighten it out
Let's straighten it out
Please let's straighten it out, baby
Let's straighten it out
Let's straighten it out
Let's straighten it out now, baby
