

B.B. King, Please Love Me (Live)

I was in love with you baby
Honey before I learned to call your name
I was in love with you baby
Honey before I learned to call your name
Way you treatin' me baby
Gonna drive old me insane
You know I love you baby
Do anything you tell me to
Know I love you baby
Do anything you tell me to
Nothing in this world baby
Honey that I wouldn't do for you
Well, if you love me baby
Honey do everything I say
Yes, if you love me baby
Honey do everything I said
If you don't do what I tell you baby
Better fall on your knees and pray
So, if you love me baby
Honey do everything I say
Yes, if you love me baby
Honey do everything I say
If you don't do what I tell you baby
Better fall on your knees and pray
Oh, be my girlfriend, everybody
And I'm gonna be your boy
Want you be my girlfriend baby
Baby I'm gonna be your boy
Gonna buy you a Cadillac car, baby
Drive me where ever you are
