## B.B. King, She Don't Move Me No More

Ooh baby, baby you don't move no more Oo-wee baby, you don't move no more I believe, baby I believe I'm gonna let you go

Lord, early in the mornin', baby You don't wash my face like you used to do Well, early in the mornin', baby You don't wash my face like you used to do Well, you know baby, baby you know that'll never do

Oh, if I should cry, baby would that do poor B. any good? Well, if I should cry darlin', honey, would it do poor B. any good? Well, I hate for all my people to know baby I'm the biggest fool in the neighborhood
