

B.B. King, Whole Lot Of Lovin'

I got a whole lot of lovin'
Baby just waiting for you
I got a whole lot of lovin'
Baby just waiting for you
And the way I could love you woman
Honey I know you could love me too

Oh you're so good lookin' baby
And you build up from the ground
Well you're so good lookin' baby
And you build up from the ground
Every time I see you baby
My love starts tumbling down

Yeah, you're just my type baby
Just my height and size
Said you're just my type baby
You're just my height and size
And the reason I love you
Because you've got those little dreamy eyes
