

# B.B. King, Whole Lot Of Lovin'

I got a whole lot of lovin'  
Baby just waiting for you  
I got a whole lot of lovin'  
Baby just waiting for you  
And the way I could love you woman  
Honey I know you could love me too

Oh you're so good lookin' baby  
And you build up from the ground  
Well you're so good lookin' baby  
And you build up from the ground  
Every time I see you baby  
My love starts tumbling down

Yeah, you're just my type baby  
Just my height and size  
Said you're just my type baby  
You're just my height and size  
And the reason I love you  
Because you've got those little dreamy eyes
