

# B.B. King, You're Gonna Miss Me

Oh you're gonna miss me baby  
And I'll be so far away  
Oh you're gonna miss me baby  
And I'll be so far away  
You know you better change now baby  
Baby there's always another day

Oh your friend will always tell you baby  
They'll say that you're going strong  
Oh your friend will always tell you baby  
They'll say that you're going strong  
Well they'll smile and call you lover  
Fool, don't you know you're doing wrong

Oh you better stop right now baby  
You better stop now and draw the line  
Yes you better stop right now baby  
Baby better stop now and draw the line  
Oh, I want you to tell me that you love me baby  
And love all your no-good friends behind
