

B.B. King, You're On Top (Blues In "G")

Oh, you're on the top now, baby
But don't nothing stay the same
I said you're up on the top now, baby
But don't nothing stay the same
Every once in a while, baby
Lady Luck deals another hand
Are you calling me your pal now, baby
When I used to be your man
Are you calling me your pal now
When I used to be your man
You're flying real high now, baby
Go on and raise your sand
Oh, you're up on the top now, baby
But don't nothing stay the same
I said you're up on the top now, baby
But don't nothing stay the same
Every once in a while
Lady Luck deals another hand
Oh, I realize now, baby
Your kind of love wasn't true
Oh, I realize now, baby
Your kind of love won't do
What could have been, baby
Hey, now has done fell through
