

B. J. Thomas, Jesus Hearted People

This is a song for those Jesus hearted people
This ones for the way
Them Jesus hearted people treated me
I came across a Norman Rockwell
In a faded magazine
And the pictures on the page
Brought to mind familiar faces
I think everybody knows the kind I mean
This is a song for those Jesus hearted people
The gentle folks at home
Yours and mine
This ones for the good ole boys
That I'd give the world to see
This ones for the way
Them Jesus hearted people treated me
They are an easy going people
Though they are hard set in their ways
And they do not take the chance
Even though the times are changing
'Cause they just can't get above them good ole days
And this a song for those Jesus hearted people
Everybody knows one or two
Haven't you
This ones for the good ole boys
That I'd give the world to see
This ones for the way
Those Jesus hearted people treated me
Doo doo doo doo doo doo
How I love those Jesus hearted people
This is a song for those Jesus hearted people
Everybody's known one or two
Haven't you?
This ones for the good ole boys
I'd give the world to see
This ones for the way
Them Jesus hearted people treated me
And I love the way them Jesus hearted people, people treated me
This is a song for those Jesus hearted people
Everybody's known one or two
Haven't you?
This ones for the good ole boys
I'd give the world to see
This ones for the way
Them Jesus hearted people treated me
