

# B\*Witched, Like The Rose

Every little word,  
With every lesson learned,  
I think I know why hearts are made of stone,  
Every little pain,  
Fans a bitter flame,  
Nothing stops me loving you.

Can't you see that we belong?  
Oh how I want it to be,  
So tell me do u feel the way I feel...

Baby like the rose,  
Oh darling,  
You put color in my life.  
Baby take my heart forever,  
'Cause I don't want to be afraid,  
No No

Turn another page,  
The story will never fade,  
Sleep with thoughts of you until daylight.  
When you're far away,  
Forever love will stay,  
Keep this loving feeling deep inside.

Can't you see that we belong?  
Oh how I wanted to be...  
Tell me do you feel the way I feel...

Baby like the rose,  
Oh darling,  
You put color in my life  
Baby take my heart forever,  
'Cause I don't want to be afraid  
No No

Baby like the rose,  
Oh darling,  
You put colour in my life.  
Baby take my heart forever,  
'Cause you're the colour in my life.

Like the rose
