[Rap: fabolous

I wanna see ya 'badabing' go 'badaboom'

And my house got a wing, with a lotta rooms

I can do a lotta things, get you hot as june

I wanna watch ya body swing to the hottest grooves

I'm trynna slide behind it when you throw it 'round

So I can ride and grind it, when you slow it down

Bring it from the top, then take it to da bottom

I'm clingin to ya top, trynna make it to ya oh

The way you move is fab-u-losa

It makes me wanna grab you closa

You know I like it when ya bounce, bounce

Throw ya hands up and ya bounce, bounce

I don't back down, when i'm pressin ya

I'm finna lay the smack down like the wrestler

But nobody get it ta poppin like this man can

Have them girls get it to poppin on a handstand

...Ghetto

[Chorus 4x

Mami shake it like you care for me

You know I like it when you do that little dance for me
