Pop that and make that booty clap like flip flops

Like the Flintstones we can make the bedrock

Yes this lil boy

Gots a house on the hill

Call me Mattel

I got so many hot wheels

Now you know what Im about

Lets turn this party out

Chorus: Everybody put cha hands up

If you feel me all the ladies come

Party with me

Fellas grab this girl

And lets turn this party out

Everybody put cha hands up

If you feel me all the ladies come

Party with me

Fellas grab this girl

And lets turn this party out

Rap 2: So much sex appeal

Girl that thang cant be real
