

B2K, Sneaky (Ft Lil Fizz)

Sneaky feat. Lil Fizz

Sneaky when your gettin freaky

Ooh I can't believe it

How you got me, where you got me

I don't know

Keep sneakin, creepin, I'll be peepin

Why you thinkin that you're sneakin on the low?

I aint gone trip (uh huh)

Or act a fool

When you get home late at night

Cause it aint no reason for me

To blow my cool

As long as you make it there alright

(Your ladies keep starin, boy you know I aint barin)

And it don't make a difference to me

If you wanna be sneaky I'll be sneaky too

Cause I ain't the type that's gone be chasin' after you

You're so

Sneaky when your gettin freaky

Ooh I can't believe it

How you got me, where you got me

I don't know

Keep sneakin, creepin, I'll be peepin

Why you thinkin that you're sneakin on the low?

Sneaky when your gettin freaky (We'll be both creepin)

Ooh I can't believe it

How you got me, where you got me

I don't know

Keep sneakin, creepin, I'll be peepin

Why you thinkin that you're sneakin on the low?

Won't be all up in your face

Like them other girls may do

Don't even really care what others say

As long as you can come and chill with your boo

(You can keep on flirtin, I know one thing I'm certain)

That you'll be comin back to me

When it's all said and done I know I'll be number one

But until then keep on creepin havin fun

You're so

Sneaky when your gettin freaky

Ooh I can't believe it

How you got me, where you got me

I don't know (I don't know)

Keep sneakin, creepin, I'll be peepin

Why you thinkin that you're sneakin on the low? (oh)

Sneaky when your gettin freaky

Ooh I can't believe it

How you got me, where you got me (Baby)

I don't know (I don't know)

Keep sneakin, creepin, I'll be peepin

Why you thinkin that you're sneakin on the low?

Keep sneakin on the low

Boy you think you're so slick and I'm lovin every bit of it

It don't really matter much to me

You can do what you please

Keep it movin

I see you what you're doin

Don't change your personality

You could be who you wanna be

Cause you with me

Well no need for an introduction

It's ya 10 o clock breakin news interruption

(Lil Fizz got girls hearts hard to function)

Thats right its crazy how I keep these songs bumpin

In the game a year and already a commiditee
No space in my bandwagon, but yall can follow me
I'm just too hot to touch, too hot to hold
Still tryin to sneak shorty behind the bungalo
(Oooh) Sneaky when your gettin freaky
Ooh I can't believe it
How you got me, where you got me
I don't know
Keep sneakin, creepin, I'll be peepin
Why you thinkin that you're sneakin on the low?
Sneaky when your gettin freaky (We'll be both creepin)
Ooh I can't believe it
How you got me, where you got me
