All of me, fantasy, anything you need
Every chance I get

Just to prove to you
Tell you what you get
Just the truth

When I get to you
All them fairytale stories

But I know that you and me should be here living out this fantasy
I love you but I'm fein
I've been waiting here so patiently

The one that you will always know
Will always be yeah yeah (doing all I can)
To be there if you ask me
If you wanna be

But you changed me and I, I don't wanna spend my lifetime
Without you yeah
