E-V-E-R-Y-T-H-I-N-G (x2)

(1st Verse)

When I'm out on the road  
Goin' from show to show  
Told my homie Romeo  
How much i missed u so  
I dont know how much it'll be  
I'm missin you, wantin you  
And I really want to talk to you  
Oh no...  
I left my 2 way at home, still sitting on the charger  
Oh no...

My battery's dead on my cellphone  
And I really wanna call ya  
JBoog, let me use your phone  
Gotta call my baby girl back home  
Let her know what she means to me  
Cuz we've gotta be  
~\*Chorus\*~ (x2)

Cuz...

You're my angel  
You're my heart girl

Cuz...

You're my everything (i want in a woman)  
You're my everything (i need in a woman)

(2nd Verse)

I got you on the phone  
And you sayin you wish I was home  
But then you flip the script  
To put me in the wrong  
And you think i've been lyin when i've been tryin all day 2 talk 2 you  
Jugglin' videos and photoshoots  
Baby girl, don't think that one minute goes by  
that i don't really wanna call ya  
Dont think that i'm screenin my calls  
checkin my caller id tryin 2 dodge you, girl  
tryin' to be all i can be  
a young man in this industry  
you mean the world to me  
you are my everything  
~\*Chorus\*~ (x2)

You're my angel  
You're my heart girl

Cuz...

You're my everything ( i want in a woman)  
You're my everything ( i need in a woman)

That nothing...will come between you and me
