

# B3, N.Y.B3

Im on the train to west side  
Anticipating tonight  
Get off of the nine, head down the street  
Im movin to my cities beat  
There aint no feelin like it  
You know you cant deny it  
Dont even try to fight it N.Y.C.  
Just let the beat control ya  
And let the music show ya  
That New York City is place to be  
New York  
The streets, the lights, the sounds  
New York  
My peoples in this town  
New York  
Just come along and see  
New York  
The city that never sleeps  
Skyscrapers fill the air  
Neon lights brighten Times Square  
Uptown, Downtown, this cities got  
Me goin round and round  
There aint no feelin like it  
You know you cant deny it  
Dont even try to fight it N.Y.C.  
Just let the beat control ya  
And let the music show ya  
That New York City is place to be  
New York  
The streets, the lights, the sounds  
New York  
My peoples in this town  
New York  
Just come along and see  
New York  
The city that never sleeps
