

B3, N.Y. B3

Im on the train to west side
Anticipating tonight
Get off of the nine, head down the street
Im movin to my cities beat
There aint no feelin like it
You know you cant deny it
Dont even try to fight it - N.Y.C.
Just let the beat control ya
And let the music show ya
That New York City is place to be
New York
The streets, the lights, the sounds
New York
My peoples in this town
New York
Just come along and see
New York
The city that never sleeps
Skyscrapers fill the air
Neon lights bighten Times Square
Uptown, Downtown, this cities got
Me goin round and round
There aint no feelin like it
You know you cant deny it
Dont even try to fight it - N.Y.C.
Just let the beat control ya
And let the music show ya
That New York City is place to be
New York
The streets, the lights, the sounds
New York
My peoples in this town
New York
Just come along and see
New York
The city that never sleeps
