

# Baal, Leave Me Alone

Beauty with romantics traces  
But she manipulates all with a purpose  
She wants to laugh thinking that is me  
Who wants love and beauty  
Cant see my knowledge of yesterday  
Sight of hope that will turn to pain  
And hate search the way to understand  
Ill watch you when I take your hand  
Ill tell you what happens:  
There is no love in you  
Not long ago I thought to have seen the souls  
That Im searching but there were only of todays.  
My eyes ere misled by ignorance  
And I thought to have arrived where theres dream  
I dont want to condemn you to perpetual fire  
And neither see your movements of love  
Beauty is power and Satan wants power  
Ill tell you what happens:  
There is no love in you  
Leave me alone  
In this place of control  
And tranquillity  
Hope, love and hate is all  
That I always saw in your way  
It wont happen again  
Wherever you are everything will turn negative  
And goodness will start to vanish
