

# Babbie Mason, Isn't That Just Like God

The One who formed the stars and galaxies  
Lives inside the heart of me  
Isn't that just like God  
Isn't that just like God  
The One who speaks to the waves and stormy seas  
Quiets every storm in me  
Isn't that just like God  
Isn't that just like God  
From Heaven to a manger stall  
A Baby came to save us all  
To conquer sin upon a cross  
Isn't that just like God  
Isn't that just like God

The eyes that see a sparrow fall  
Sees my need before I call  
Isn't that just like God  
Isn't that just like God  
When I question if He even cares  
He answers my unspoken prayer  
Isn't that just like God  
Isn't that just like God  
The hands that hold the world in place  
Can feel my pain and then erase  
The sin that my own soul creates  
Isn't that just like God  
Yes it is just like God

Bridge:

(No one compares to Him) No, no, no,  
He's sitting up high but He's living down low  
He's everywhere but then  
He's here in my heart and He wants me to know

That I'm a living miracle  
He has made my life so beautiful, oh yes He has  
Oh, Isn't that just like God  
Oh yes it is, I believe it is  
The way He uses ordinary things  
To show His might and majesty  
Isn't that just like God  
Oh yes it is, yes it is  
His love is such a mystery  
But with the faith of a tiny mustard seed  
He gives me power to believe  
Isn't that just like God  
Oh, yes it is  
Isn't that just like God

Isn't that just like God  
Isn't it, yes it is  
Think about it  
That's just like God  
Isn't it, yes it is  
Isn't it just like God
