

# Baby Animals, Ain't Gonna Get

If all you want is a little piece of ass  
All you'll get is a little piece of me  
You won't get no cheap satisfaction  
'Cause I don't give my love for free  
You'll get your fingers burned  
You'll get what you deserved  
And what you stand to lose, oh yeah, yeah  
Is looking at you looking at you  
Ya ain't gonna get no love tonight  
You're getting what ya given but you ain't got it right  
I don't like your attitude ooh ooh ooh  
You call the shots when you're in the mood yeah  
I don't want this same conversation  
I don't need these little boy lines  
I'll get by on my good reputation  
You can find another love like mine  
It's not the game to blame  
It's just the way you play it  
And what you stand to lose, oh yeah, yeah  
Is looking at you looking at you  
Ya ain't gonna get no love tonight  
You're getting what ya given but you ain't got it right  
I don't like your attitude ooh ooh ooh  
You call the shots when you're in the mood yeah  
You'll get your fingers burned  
You'll get what you deserved  
And what you stand to lose, oh yeah, yeah  
Is looking at you looking at you  
Ya ain't gonna get no love tonight  
You're getting what ya given but you ain't got it right  
I don't like your attitude ooh ooh ooh  
You call the shots when you're in the mood yeah  
Ya ain't gonna get no love tonight  
Ya ain't gonna get no love tonight  
Ya ain't gonna get no love tonight  
Ya ain't gonna get no love tonight
