

Baby Bash, As Days Go By (the Love Letter)

(feat. Paula DeAnda)

[Chorus: Paula DeAnda]

As days go by

I'm missing you baby

Patiently waiting

For you

To hold you

To thrill you

To feel you

Tender kisses

Give you the love you've been missing

Boy I can't wait till you come back home

To have you all alone (As days go by)

I'm missing you baby

Patiently waiting

For you

To hold you

To thrill you

To feel you

Tender kisses

Give you the love you've been missing

Boy I can't wait till you come back home

To have you all alone

(As days go by)

[Baby Bash:]

Now I done came a long way

But ain't gone too far

And hope this love letter don't

Leave a big scar

So baby just hold on

Lil' momma just be strong

Cause no one knew the war

Would last us so long

The rockets the red glare

The bombs up in the air

I'm just doing my duty

But missin' it right there

So as days go by

I'm counting every minute

Wishing I was home

For sure with you in it

But the soldiers that

I'm runnin with

Are ready to blitz

This ain't no video

This is just as real as it gets

I made some lifelong friends

Holdin' down the front line

And girl I can't wait

To get back in your sunshine

[Paula DeAnda:]

(As days go by)

I'm missing you baby

Patiently waiting

For you

To hold you

To thrill you

To feel you

Tender kisses

Give you the love you've been missing

Boy I can't wait til you come back home

To have you all alone (As Days go by)

I'm missing you baby

Patiently waiting

For you
To hold you
To thrill you
To feel you
Tender kisses
Give you the love you've been missing
Boy I can't wait till you come back home
To have you all alone
(As days go by)

[Baby Bash:]

Now as days go by
My time is spent reflecting
On all the lil' things
You said I was neglecting
They say you never know
What you have until it's gone
Didn't know back then
But I will from now on
When I try to channel out
All the fear and the stress
I picture me and you rollin'
Looking dressed to impress
And to know you'll be there
When I'm back from Iraq
And feel good to know
A real chica I have on my back
Give everybody huggs
And tell em' I really miss em '
And your boy be back
When I'm through with my mission
Give everybody huggs
And tell em' I really miss em'
And your boy be back
When I'm through with my mission

[Paula DeAnda:]

(As days go by)
I'm missing you baby
Patiently waiting

For you
To hold you
To thrill you
To feel you
Tender kisses
Give you the love you've been missing
Boy I can't wait til you come back home
To have you all alone (As days go by)
I'm missing you baby
Patiently waiting

For you
To hold you
To thrill you
To feel you
Tender kisses
Give you the love you've been missing
Boy I can't wait till you come back home
To have you all alone

As days go by
As days go by

[Baby Bash:]

One day we gon' get it together one day we gon' get it together
One day we gon' get it together one day we gon' get it together
(As days go by)
One day we gon' get it together one day we gon' get it together
One day we gon' get it together one day we gon' get it together
As days go by
