

# Baby Bird, Babybird

Baby bird...don't you cry  
Don't you fly away from me  
..don't you fly  
..don't you fly

La la la...

I've gift-wrapped you a tiny tree  
With golden leaves for you & me  
To set-up home in a beautiful nest  
You can lie here on my soft red chest  
My soft red chest

La la la...

Baby baby bird...I'm so lonely  
And the sky is so cold & unstable  
Baby bird...don't you cry  
Don't you fly away from me  
..don't you fly

(x4)

Baby baby bird...let me be  
The cage around your Christmas tree  
You out there, me in here  
Never, never set me free  
Baby bird...set me free  
..set me free  
..set me free
