## Baby Bird, Cornershop

What is this beautiful thing we've found It's so shiny, bright & mp; round So I went into town And bought a little patch of ground And I put a shop on top And bought myself some stock Oh, my little cornershop Oh, my little cornershop Oh I'm so happy I could scream In my little store on the green Where everything is fine Where everything is fine So fine I found some corrugated steel And banged it to the window with my heel And now nobody's going to get in After half past ten in the evening In the evening... Oh my 2nd little Oh my 3rd little Oh my 4th little...cornershop Oh my 5th little Oh my 6th little Oh my 7th little..cornershop Oh I'm so happy I could scream

In my 8th little store on the green

Where everything is fine
