

# Baby D, Why Why

[Baby D]

She was looking so good when I saw her in the mall  
Hair done nails done and all  
Getting off the elevator  
Nigga had to pause  
Got a woodie in my draws  
Got her number(so I'll talk to you later)  
Shawty do you wanna ride with me  
Slip and slide with me  
Baby tell me what's really on your mind  
Anytime of the day is the right time  
Call me on the phone  
We'll be creeping in the middle of the night  
Baby girl if the mood's right  
Sipping wine by the candle light  
I bet you never had a lover like me  
Get you in between the sheets  
Feel the heat as I kiss you from your head to your feet  
So shawty what you say  
Baby can you swing my way  
Forever in a day  
I will always say  
Baby can we sweat this one more again

Chorus: Ebony Crom  
Why why why Baby D

Why can't you be faithful to me  
Listen boy

[Baby D]

5 minutes of action  
Slow grinding on the mattress  
Eye to eye with mine  
Had an action for passion  
Because I'm long lasting  
See I wanna hit it quit it  
Get ( ? ? ? ) right  
And I really didn't understand  
Was it 'cause I'm a bigger fan  
By the way she turn boys to men  
She had me wanting to do it again  
And again and again and again  
But I'm a playa for life, right, tight,  
Then let's get it on  
Where the phone let's bone  
Keep it going all soft  
I just come to break you off  
What you want what you need  
Come with me and freak your fantasy  
Every night she be begging me please

Chorus
