

Baby Keem, durag activity (feat. Travis Scott)

Freak bitch keep starin' at the Draco
Type to lob up all my summer, make my days long
Fuck up a bitch nigga in my bae clothes
Askin' question, all my friends are fake hoes
Double up, no triple six, you're typin' less
Used to do it nine to five, no double shift
If he don't share the ho, he's not my friend
He playin' greedy with the bitch, come get your mans

You went back to your ex on me (Huh), just to flex on me
But that shit don't mean anything, quit textin' me

You got an innocent face, I stroke it
You got good taste, when we met, I left you frozen
