

Baby Lasagna, and I

Yes, you, you're on my menu, I wanna eat you alive
Yes, you, you look so tasty
You make my taste buds go, "Nyam-nyam-nyam"

So please
Will you my food for the rest of my life?
So please
Will you be carbs to my protein heart?

There she is (Hey), superstar
My baby lasagna and I
There she is (Oah) walking by (Walking by)
My baby lasagna and I

Yes, you, you make me hungry, you make me funky
You make me (Ah)

Let me take a bite, babe, take a snack, babe
Let me in

There she is (Hey), superstar
My baby lasagna and I
There she is (Oah) walking by (Walking by)
My baby lasagna and I

Maybe, maybe you could be my takeout, I will eat you any day
I don't care about the calories and what will others say
