

Baby Washington, Hey Lonely One

I took a look in the mirror
And what did I see
For once in my life
I gave a lecture to me

Hey, lonely one
See what you've done
You thought you were smart, yeah
You thought it would be fun

Hey, lonely
I bet you're sorry now
Oh, yeah

So here you are standing
With tears in your eyes
Thought he'd never find ouy
You thought you were wise

Hey, lonely
Let me see you smile
Come on, you crave to be grown up
Now why you acting like a child

Hey, lonely
I bet you're sorry now
Oh, yeah

Your friends all say
You shoudn't care
Tell me, what do they know
About your love affair

Now you did the hurting, oh, yeah
And you played the game, come on
You did the cheating
While he took the blame

Hey, lonely, come on
Remember I love you
Every, eveything you've done
Oh, yeah, has come back to you

Hey, lonely
I bet you're sorry now

Oh, yes, you are

Hey, lonely one
I bet you're sorry now
Yeah, yeah

Hey, lonely one
I bet you're sorry now
