

Babyface F/ The Neptunes, There She Goes

Babyface F/ The Neptunes

Miscellaneous

There She Goes

There's something about her

You know, it's the way that she carries herself

She's just so bad

Ooh, I don't know

Her style, her mind

Compares to nothing on this Earth

She's not the kind to share

Only God knows what she's worth

I got to show her that I want her

I recognize that she is bad

If I can't have her then I'll go crazy

Spending all my time just chasing

I got to show her that I want her

I recognize that she is bad

If I can't have her then I'll go crazy

Spending all my time just chasing

Her eyes, her smile

Her skin, her smell, her hair

(She's incredible baby, ooh)

Her walk, her talk

Her way her shadow fell (?)

There she goes

(Oh baby)

I hope to find her there

Gotta make some eye contact

She's not the kind to stare

Move quick or lose her fast

I got to show her that I want her

I recognize that she is bad

If I can't have her then I'll go crazy

Spending all my time just chasing

I got to show her that I want her

I recognize that she is bad

If I can't have her then I'll go crazy

Spending all my time just chasing

Her eyes, her smile

Her skin, her smell, her hair

(Ooh baby, she's incredible baby, ooh)

Her walk, her talk

Her way her shadow fell (?)

There she goes

(There she goes)

Her eyes, her smile

Her skin, her smell, her hair

(You're incredible baby)

Her walk, her talk

Her way her shadow fell (?)

There she goes

(There she goes, come on)

Spending all my time watching that girl go

(Dance)

Gotta love her when she moves

(Get down girl)
Spending all my time watching that girl go
(Dance)
Gotta love her when she moves
