

# Babyface, God Must Love U

[Verse 1]

God must love you i said to myself  
Cause your more beautiful than  
anybody else  
God must adore you, its easy to tell  
Must be wonderful to wake up to yourself  
From the moment i first saw you  
Had a vibe thats fit to kill  
It was then you know that i knew love was real

[Chorus]

On the day i met you, you were so so chill  
On the day i fell in love with you my heart stood still  
And i never saw this happening to me  
Its like something coming over me  
I never thought that i could be

[Verse 2]

God must love you he's proud of himself  
When he made you girl he broke the mold for real  
Theres just something bout you that you cant even tell  
Its the way you flow you dont even know that you got that wip appeal  
From the moment i first saw you, had your vibe on "set to kill"  
It was then you know that i knew love was real

[Chorus (2x)]

Never thought love could be real  
Suddenly i see your face and i get chills  
And everything i never thought i could feel is for real  
Love is real

[Chorus (2x)]
