

# Babyface, Love Makes Things Happen (Duet With

You never know  
You never know it  
You never know  
You never, never, never, never, never know  
No, no, no, no  
You never know  
Deep in the heart, love has many ways  
Of touching your emotions, taking control of you  
And even in thought, love can make you change  
There's no way of controlling love when it's part of you  
Well, you could be a married man  
With two kids and a good woman  
And you could give your heart and soul  
I swear, it don't mean nothin'  
'Cause love can pull you deep into a spell  
It will spin your mind around like a carousel  
I'm telling you love makes things happen  
You never know where it's coming from  
You never know who you're gonna love  
I'm telling you love makes things happen  
You never know what you're gonna do  
When ever true love takes hold of you  
There's never a time 'cause love will let you know  
Love appears at the worst and even the best of times  
Takes over your mind, your heart is not your own  
There's no way of controlling love, it controls your life  
Well, you could be a faithful girl  
With a good heart and good intentions  
And you could never leave your home  
I swear, there ain't no preventions  
'Cause love can pull you deep into a spell  
It will spin your mind around like a carousel  
I'm telling you love makes things happen  
You never know where it's coming from  
You never know who you're gonna love  
I'm telling you love makes things happen  
You never know what you're gonna do  
When ever true love takes hold of you

There's nothing love can't make you do  
When love takes hold of you  
You can have the purest heart and the finest attitude  
But I swear that don't mean nothin'  
When your heart's under the spell  
It will spin your mind around like a carousel  
I'm telling you love makes things happen  
You never know where it's coming from  
You never know who you're gonna love  
I'm telling you love makes things happen  
You never know what you're gonna do  
When ever true love takes hold of you  
I'm telling you love makes things happen  
You never know where it's coming from  
You never know who you're gonna love  
I'm telling you love makes things happen  
You never know what you're gonna do  
When ever true love takes hold of you  
You never know  
You never know it  
You never know  
You never, never, never, never, never know  
No, no, no, no  
You never know  
You never know

You never know it  
You never know  
You never, never, never, never, never know  
No, no, no, no  
You never know  
You never know  
You never know it  
You never know  
You never, never, never, never, never know  
No, no, no, no  
You never know
