

# Babyface, Missing You

I'm not in love  
It's just some kind of thing I'm goin' through  
(Goin' through, goin' through)  
And it's not infatuation  
Ain't nothin' going on 'tween me and you  
But I dream about it every night, baby  
Wanting you here with me  
Making love to me, and oh

I'm missing you like crazy  
Body and soul is aching  
I'm out of control  
Missing you so

I'm missing you  
Missing you  
I'm missing you  
Missing you

I'm not in love  
And that's what I just keep telling myself  
Over and over again  
And I'm not the least bit amused by you baby  
Yet still I don't want to be with nobody else  
And I dream about you all the time  
Touching and kissing me  
And making love to me, and oh

HOOK

Oh I am missing you so

God knows I'm tryin' to keep you  
Out of my head  
I ain't tryin' to love no one  
I ain't tryin' to get hurt again, no  
But there's somethin' that just  
Gets in my skin  
And all I know is I can't let go  
And that's the way it is

HOOK

I'm missing you (tryin' to go somewhere)  
Missing you  
I'm missing you  
Missing you  
I'm missing you
