

Babyface, Power Of The Dream

Power of the dream

Written by david foster, babyface, linda thompson (1996)

Performed by celine dion

Deep within each heart
There lies a magic spark
That lights the fire of our imagination
And since the dawn of man
The strength of just "i can"
Has brought together people of all nations

There's nothing ordinary in the living of each day
There's a special part of every one of us we'll play

[1] feel the flame forever burn
Teaching lessons we must learn
To bring us closer to the power of the dream

As the world gives us it's best
To stand apart from all the rest
It is the power of the dream that brings us here

Your mind will take you far
The rest is just your heart
You'll find your fate is all your own creation
And every boy and girl
As they come into this world

They bring the gift of hope and inspiration

Hook [1]

[2] the world unites in hope and peace
We pray that it will always be
It is the power of your dream that brings us here

There's so much strength in my voice
Every woman child and man
It's the moment that you think you can't
You'll discover that you can

Hook [2]

The power of the dream
The faith in things unseen
The courage to embrace your fear
No matter where you are
To reach for your own star
To realize the power of the dream
To realize the power of the dream
