

# Babyface, Red Dress

Top of the morning  
Thinking of you  
Plan my day  
My list of to do  
Stop at the cleaners  
Pick up my suit  
Make reservations for two  
Buy you some flowers  
Get you red roses  
Make sure you notice  
That I'm with you  
'Cause this is my first night with you  
So put on your red dress  
Put on your dancing shoes  
Put on some smell good  
I wanna romance with you  
I just want it perfect for you  
One perfect night for two  
Put on your red dress  
It's going down for you  
Call you at seven  
Right on the dot  
Pick you up early  
Tonight's gonna be hot  
Stop for some cocktails  
Let's set the mood  
Have a Martini Cosmo or two  
Sit down for dinner  
On Fifth Avenue  
Baby go clubbing girl  
Yeah just me and you  
It's gonna be my first dance with you  
So put on your red dress  
Put on your dancing shoes  
Put on some smell good  
I wanna romance with you  
I just want it perfect for you  
One perfect night for two  
Put on your red dress  
It's going down for you  
So put on your red dress  
Put on your dancing shoes  
Put on some smell good  
I wanna romance with you  
I just want it perfect for you  
One perfect night for two  
Put on your red dress  
It's going down for you
