

Babyface, Stressed Out

(make you dreams come true)

no noooo hooo ooo ooo oo ooh oohh ooooh ooh ooh

You so busy

Worryin' bout

All of the thing you can to do nothing about

Maybe its time to change your route

Instead of pluggin in so much

You should look out

You have so many things to smile about

Like Love

For all the things you have ever dreamed

It could work out

So don't stress out (oh baby)

It will happen if its meant to be

So don't stress out

Things could work out baby

We go 'round mmm

Only once

Don't waste you time not having fun

You should live your life, its all you got

Like its always better to live than not

You have so many things to smile about

Like Love

[Chorus x2]

Laid back in my arms

Is where you belong

Sunshine will defeat the storm

At the end of the day

[Chorus x2]

So don't stress out

Things could work out baby

[Chorus]
